Carefree Renovations

You're building a house, planning an apartment, furnishing a home or thinking about a full renovation? Then Küchen- und Wohnstudio Schwaiger your first point of contact.

As experts in interior architecture and project management, we guide projects of all sizes – from the initial idea to the final implementation. Our interior designers create holistic spatial concepts at the highest level, precisely translated into plans by our technical team.

Our project management ensures a smooth process by reliably coordinating every step – in close collaboration with local partners and our in-house installation team. This way, every project becomes a perfectly coordinated whole.

A team that replaces all others.

Design that never ages.

With the right interplay of colors, we create more than just beautiful spaces, we craft longlasting living environments with a harmonious atmosphere and timeless design. Our creative solutions combine natural materials with soothing color concepts that radiate calm and invite relaxation.

Whether soft natural tones, elegant contrasts, or warm accents, every combination is individually tailored to the space, lighting, and purpose. The result is a cohesive overall look that seamlessly blends style and function.

Thanks to a smooth process and thoughtful planning, we transform your spaces into places that inspire and soothe for years to come.

Simply arriving at home.

„Four walls alone are just a property. It's the interior design that truly makes it a home."

– Luca Schwaiger
